Dear Mark

STATISTICS ON LAND AND PROPERTY TITLES BY COUNTRY OF ORIGIN FOR SCOTLAND

Thank you for your recent compliance check of our statistics on land and property titles by country of origin for Scotland. We welcome the opportunity to have these statistics reviewed by your team, and it is encouraging for us to see you highlight many positive features of our statistics that demonstrate the trustworthiness, quality and value expected in the Code of Practice.

We strive to maintain and improve the standards of our statistical publications in Registers of Scotland and we are very grateful for the work of your team in encouraging us in our efforts to develop the statistics to increase their value and quality, and in identifying ways in which we can improve our communication of quality assurance. We will take this work forward in the coming months.

Once again, I would like to thank you and your team for the valuable input and guidance and look forward to working with you in the future to enhance the statistics that we produce.

Yours sincerely

JENNIFER HENDERSON
Keeper of the Registers of Scotland
